

## PRESS RELEASE

# IKOR is now a Pega Partner

**IKOR, a pan-European consultancy and platform integrator headquartered in Hamburg/Germany, and its digital process automation subsidiary IKOR PX are now official partners of Pegasystems, the market-leading low-code process automation and customer engagement platform.**

Hamburg/London, October 19, 2021.

IKOR and IKOR PX have announced that they are now partners of Pegasystems Inc., the software company enabling digital transformation at the world's leading enterprises. IKOR will offer best-in-class customer engagement, intelligent automation solutions and services to its rapidly growing client base across industries and geographical footprints.

“We are delighted to welcome IKOR as a business partner in the Pega ecosystem,” said Hardy Köhler, Senior Director, Partner Ecosystem, DACH at Pega. “Our customers in Germany and across the broader Europe and APAC will benefit from IKOR’s expertise in the insurance, financial services, manufacturing, and public sector industries, among others. IKOR is exactly the kind of professional organization we need in our region for the next wave of Digital Transformation.”

“Pega delivers true front-to-back digital transformation for clients, with market-leading customer engagement solutions for marketing, sales, service, and operations,” said Josh Peck, Managing Director of IKOR PX. “We are excited to be building a new practice that will have the right mix of design, consulting, and engineering expertise to fully leverage Pega’s solutions, while delivering compelling value for our clients.”
