## **IKOR receives SAP certification for IRMA provision and accrual management solution**

**The international technology consultancy IKOR, part of the IT solution provider X1F, has received another SAP certification: IRMA - the fully comprehensive accruals management solution - is now certified within the SAP solution RISE with SAP S/4HANA Cloud Private Edition.**

Hamburg, April 11<sup>th</sup>, 2024.

### **IRMA users benefit from a lean, low-consultancy, expandable and flexible SAP add-on for accruals management within SAP S/4HANA Cloud Private Edition:**

Fast and secure to implement, IRMA makes it easier for specialist departments in accounting and bookkeeping to handle accruals processes. "We are proud to offer the only SAP add-on on the market that covers all technical and procedural requirements for provisions as a fully comprehensive subledger," says Miklós Hegybíró, who leads the IKOR Product House. "With the certification of IRMA, SAP S/4HANA users have gained planning security for the coming years: The SAP add-on is seamlessly compatible with the ERP solution as well as the RISE private cloud infrastructure."

Large companies such as A1 Telekom Austria, Deutsche Glasfaser, Siemens, and service providers in regulated industries such as DZ Bank, and Bayern LB are already working successfully with the provisioning solution.

"IRMA and the IKOR product cosmos are an essential building block for the success of the X1F Group, to which IKOR belongs. We are delighted those solutions such as IRMA - with their enormous customer benefits - complete the Group-wide product portfolio together with our consulting and managed service offerings," adds Thomas Steiner, CEO of the X1F Group.
